

RAVEN KUMAR

INTERNSHIP

About Me

Motivated Computer Science student at UniSZA with a strong interest in software development, particularly in web and app development. Skilled in Python and experienced in multimedia work, including poster design and live event management using vMix and OBS. Actively involved in clubs and leadership roles, with strong teamwork, creativity, and communication skills.

Personal Details

Date of Birth

09-09-2002

Nationality

Malaysia

Marital Status

Single

Language

- English – Fluent (speaking and writing)
- Malay – Fluent (speaking and writing)
- Tamil – Conversational (speaking only)

Experience

**HALTON MANUFACTURING SDN BHD
2023 - 6 MONTH (INTERSHIP DIPLOMA)****SOFTWARE DEVELOPER**

- Software Developer Intern at Halton Manufacturing
- Developed a Python (Django) web application to manage and store cutting list data in a structured database
- Designed and implemented core features for data entry, tracking, and efficient retrieval
- Built an automated approval workflow using Microsoft Power Automate for approval and rejection processes

Education

UNIVERSITI SULTAN ZAINAL ABIDIN

2023-PRESENT

BACHELOR OF COMPUTER SCIENCE
(SOFTWARE DEVELOPMENT) WITH HONOURS
PNGK 3.83

POLYTECHNIC SULTAN IDRIS SHAH

2020-2022

DIPLOMA IN INFORMATION TECHNOLOGY
(TRACK SOFTWARE & APPLICATION DEVELOPMENT)
PNGK 3.96

Additional Information

SKILLS

- Programming: Python, Java, PHP
- Web Development: Django, HTML, CSS, JavaScript
- Mobile Development: Android Studio
- Database Management: MySQL, SQL, Oracle Virtual Machine
- Automation Tools: Microsoft Power Automate
- AI & Machine Learning: Basic model development, data processing, Orange Data Mining
- IoT Development: Arduino (sensor integration, microcontroller programming)
- Networking & Security: Basic networking knowledge, Nmap, Autopsy
- Web & Design Tools: Adobe Dreamweaver
- Software Development: SDLC, System Design, Debugging & Testing
- Tools & Technologies: Git, Visual Studio Code

STRENGTH/ATTITUDE

- Problem-Solving Skills – Able to analyze issues and develop effective solutions efficiently
- Attention to Detail – Writes clean, bug-free code and carefully reviews work
- Continuous Learning – Keeps up-to-date with new technologies, frameworks, and programming trends
- Team Collaboration – Works well in a team, communicates ideas clearly, and contributes to shared goals
- Adaptability & Patience – Comfortable handling challenging tasks and debugging complex systems
